### SKILLS

#### Figma

3 years of experience in designing and prototyping.

#### Wireframing & Prototyping

Proficient in creating detailed wireframes and interactive prototypes.

#### Design Software

Skilled in Figma, Sketch, and InVision for comprehensive designs.

#### Coding Knowledge

Functional knowledge of CSS and HTML to facilitate collaboration with developers and ensure design integrity.

#### Agile Environments

Experienced in Agile environments or juggling multiple projects and deadlines.

### EDUCATION

#### UX Academy Certificate

Designlab

January 2021 - June 2021

#### BFA in Fashion Merchandising

Virginia Commonwealth University

September 2013 - May 2017

## Work Experience

**Savana Inc. (Fintech) | UX Designer | Dec 2021 - Feb 2024**

Developed new desktop and mobile banking apps, collaborating closely with product owners, system architects, and clients including Battle Bank and Woodforest National Bank.

#### Battle Bank (Recently received its bank charter)

- Designed online account opening flows spanning personal retirement to business checking/savings.
- Crafted Figma prototypes driven by thorough research and stakeholder requirements.
- Designed responsive layouts for desktop and mobile interfaces.
- Facilitated feedback sessions and peer reviews to refine user experience iteratively.

#### Woodforest National Bank (760+ branches)

- Designed account opening flows for in-person bank branch visits, emphasizing multi-titling (opening multiple accounts) within the same flow.
- Produced comprehensive user experience flows and Figma prototypes to streamline branch account opening process.
- Presented prototypes to different teams, refining designs based on feedback rounds.

**BravoCare (Healthcare) | UX Designer | May 2021 - Nov 2021**

Worked with product owners and users to help create an intuitive mobile app experience

- Created user flow maps for various archetypes.
- Iterated booking and review screens using Figma and Sketch.
- Developed Figma prototype for user testing.
- Conducted user surveys and usability tests.
- Incorporated feedback to suggest iterations, refining the user experience.

**MediaRadar (Advertising) | UX Designer | May 2021 - Nov 2021**

Iterated reporting and data analysis screens.

**Payveris (Fintech) | UX Designer | May 2021**

Mapped user flows for bill payment features for multiple archetypes.

**KTL Solutions | Marketing Coordinator | May 2019 - Sep 2020**

**Keychron | Marketing Associate | Jan 2018 - Dec 2018**
